IN THE CITY COUNCIL OF THE CITY OF LIVERMORE

STATE OF CALIFORNIA

RESOLUTION NO. 15-72

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LIVERMORE DECLARING THAT AN INITIATIVE ORDINANCE SUBMITTED BY PETITION RELATING TO CONTROLLING THE ISSUANCE OF BUILDING PERMITS BE SUBMITTED TO THE VOTE OF THE PEOPLE OF THE CITY OF LIVERMORE AT THE GENERAL MUNICIPAL ELECTION TO BE HELD AND CONDUCTED ON THE 11th DAY OF APRIL, 1972.

WHEREAS, on the 21st day of January, 1972, the City Clerk of the City of Livermore certified to this City Council a petition for the enactment of an initiative ordinance, signed by not less than ten percent (10%) of the voters of the City according to the County Clerk's last official report of registration to the Secretary of State, which said ordinance this City Council desires and intends to submit to the voters of the City of Livermore for adoption or rejection at the General Municipal Election to be held and conducted in the City of Livermore on the 11th day of April, 1972, reading as follows:

"An ordinance to control residential building permits in the City of Livermore.

BE IT ORDAINED BY THE PEOPLE OF THE CITY OF LIVERMORE:

A. The People of the City of Livermore hereby find and declare that it is in the best interest of the city in order to protect the health, safety, and general welfare of the citizens of the city, to control residential building permits in the said city. Residential building permits include single-family residential, multiple residential, and trailer court building permits

within the meaning of the City Code of Livermore and the General Plan of Livermore. Additionally, it is the purpose of this initiative measure to contribute to the solution of air pollution in the City of Livermore.

B. The specific reasons for the proposed Petition are that the undersigned believe that the resulting impact from issuing residential building permits at the current rate results in the following problems mentioned below. Therefore no further residential building permits are to be issued by the said city until satisfactory solutions, as determined below in the standards set forth, exist to all the following problems:

1. EDUCATIONAL FACILITIES - no double sessions in the schools nor overcrowded classrooms as determined by the California Education Code.

2. SEWAGE - the sewage treatment facilities and capacities meet the standards set by the Regional Water Quality Control Board.

3. WATER SUPPLY - no rationing of water with respect to human consumption or irrigation and adequate water reserves for fire protection exist.

C. This ordinance may only be amended or repealed by the voters at a regular municipal election.

D. If any portion of this ordinance is declared invalid the remaining portions are to be considered valid."

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

That the City Council of the City of Livermore does hereby determine that the initiative measure contained in the aforesaid petition certified by the City Clerk to the City Council on the 21st day of January, 1972, be submitted to the voters of the City of Livermore, for adoption or rejection, at the General Municipal
