E&I Project Background and Plan for Phase 2

- The Council Subcommittee provided background information about Phase 1 of the project, highlighting the overall objective, the formation of the four subgroups, the mission statements that were developed, and projects that each of them has initiated.
- The Public Dialogue Consortium (PDC) consulting team reviewed the Working Group Values and the Communication Guidelines, emphasizing the need to focus

on how participants talk about Equity & Inclusion topics, in addition to the actual content of the topics.

- The consulting team also outlined the plan and format for Phase 2, consisting of a mix between subgroup project meetings and storytelling sessions.
