Alameda County Coalition: Supportive Services for **VETERANS & FAMILY**

Enhancing housing stability for our
Military Veterans and their families

We strive to create agency relationships that are person-centered, allowing you to define your own family structure and service needs.

--
We help those most in need: Veteran households with low incomes, or those who are currently or have previously experienced homelessness.

--
Our goal is to help each family track environmental factors and generate positive change and services to promote housing stability.

We are a coalition of community based agencies with multi-disciplinary teams of dedicated providers: many of which are themselves combat Veterans and/or formerly homeless.
