UCR & PART I & PART II CRIMES

UNIFORM CRIME REPORTING STATISTICS

The Livermore Police Department reports crime occurring in the city based on the FBI's Uniform Crime Report (UCR) standard. UCR is a statewide program designed to provide a nationwide view of crime based on the submission of statistics by law enforcement agencies throughout the country. The UCR program classifies crime into two groups: Part I and Part II offenses.

Each participating agency is required to report Part I crime on a monthly basis.

Monthly crime statistics are reported to the California Department of Justice, which will in turn forward the information to the FBI. UCR data is used in law enforcement administration, operation and management, as well as to track the fluctuations in the level of crime throughout America and the city of Livermore.

TRANSPARENCY

The Livermore Police Department is committed to fostering a culture of transparency and accountability throughout the Department and with the community it serves.

This information is made available to members of the public, the media, law enforcement partners and other stakeholders which allows for honest analysis related to the quality work of our employees.

Transparency with the public enhances the trust of community members in the personnel & operations of the Livermore Police Department.

ALTHOUGH EVERY REASONABLE EFFORT IS MADE TO VERIFY DATA, ACCURACY IS SUBJECT TO THE CONSTRAINTS OF THE REPORT GENERATION PROCESS AS WELL AS THE MANNER, FORMAT, POINT IN TIME OF ANY QUERY AND THE POLICY IN FORCE AT THE TIME.

ADDITIONALLY, FOLLOW-UP INVESTIGATIONS FREQUENTLY CHANGE CRIME CLASSIFICATIONS.
