

## MASTER FEE SCHEDULE

### INTRODUCTION

The City Council has the authority to establish and change certain fees or service charges subject to legal requirements within California State law.

The Master Fee Schedule compiles various fees the City charges for its services and products to assist City staff and the public in locating the appropriate fees. The last Master Fee Schedule was adopted in June 2021. Since that time, there were a few resolutions added/modified individual fees for services, which are incorporated in this Schedule.

Although most City fees, service costs such as administrative, licenses, permits, rental, inspection, and utility rates are included in this consolidated master fee schedule. This schedule does not show development impact fees, landscape maintenance district, or fees required by a City contract such as franchise fee.

The intention for the Master Fee Schedule is for it to be updated annually as part of the budget process. At that time, the Council may consider fee increases to bring the fees closer in line with the actual costs of providing a particular service. The increase could be based on a cost-of-living adjustment calculated since the fee was last set (using CPI or another inflationary index). The City applies the annual change in February CPI (5.2 percent), San Francisco area to update the new fees.

The Administrative Services Department is charged with the general maintenance of the Schedule. This responsibility includes reviewing requests to modify the document, periodic review of fees to assure that they are equitable and reflect the cost of services, and preparation of transmittals to the Council for recommended changes to fees.

In addition, all City Departments have a role in fee schedule policies and maintenance. All Departments that levy fees are responsible for:

1. Including all fees that are levied in the Master Fee Schedule;
2. Keeping updated copies of the Schedule available and in clear display;
3. Proposing fees which reflect the cost of services provided by the City; and
4. Providing for the annual revision of fees or proposing changes in fees consistent with the intent of the Master Fee Schedule.

Every effort has been made to ensure the accuracy of data presented in this Schedule. However, if any discrepancies are noted, please call Finance at (925) 960-4300. Fees shown in the Master Fee Schedule are those in effect as of July 1, 2022, unless otherwise noted.

## MASTER FEE SCHEDULE

Every reference in this Fee Schedule to the “Actual Cost” refers to the billing of staff time and materials incurred in order to provide the particular service. The staff time cost is the number of hours by position times the “Fully Burdened Hourly Rates” which consists of salary, benefits, and overhead expenses.
